- beginning of October 1950. [redacted] Compare a report on a troop train going from Naumburg to Belsig on 2 October 1950. [redacted] belonging to the 13th Mecz Div and the 94th Gds Mtz Rifle Div, again confirms one of these divisions as participating in the fall maneuvers. [redacted]

- 25X1A** Comment: The partial occupation of the barracks installation in the Meinsdorf area about 15 October 1950 indicates that the fall maneuvers of the Third Gds Mecz Army, which also involved a component unit of the 7th Gds Tank Div from the Meinsdorf area, may have been partially completed by that time.

It is also possible that the installation quartered elements of the division which had returned to their post, being non-essential for the maneuvers. Similar information was received from Perleberg. See
